

The Ministry of Electricity and Renewable Energy

The Ministry of Electricity and Renewable Energy (MoERE) of the Arab Republic of Egypt has received financing from the Agency Française de Développement (AFD) to provide technical assistance in supporting the Implementation of Key Measures toward the Reform of the Energy Sector in Egypt". The objective is to modernize the energy sector and increase the share of renewable energy in the energy mix in line with Integrated Sustainable Energy Strategy (ISES) 2035.

In light of accelerating technological advancements, growing demand for reliable power, and the need for innovation in extra high voltage (EHV) and distribution networks, part of the allocated grant will be used to upgrade the existing EHV Research Center (EHVRC). The project aims to enhance testing capabilities, support advanced research in EHV and distribution systems, build local expertise, and ensure the center remains responsive to the evolving needs of the electricity sector.

MOERE of the Arab Republic of Egypt hereby invites consulting firms to submit their Expressions of Interest for the above consultancy service project. The details of the requirements and guidelines for the Application are here below.

:

The Expressions of Interest shall be submitted to the email address below as following:

- ١- Expression of Interest no (1/2025/2026) for: UPGRADING THE EXTRA HIGH VOLTAGE RESEARCH CENTER (EHVRC) OF THE EGYPTIAN ELECTRICITY HOLDING COMPANY, no later than 3 of December 2025

To the attention:

Request for Expressions of Interest

-

Upgrading the Extra High Voltage Research Center (EHVRC) of the Egyptian Electricity Holding Company

Agence Française de Développement

Oct. 2025

ARAB REPUBLIC OF EGYPT

UPGRADING THE EXTRA HIGH VOLTAGE RESEARCH CENTER (EHVRC) OF THE EGYPTIAN ELECTRICITY HOLDING COMPANY**CONSULTING SERVICES****Expressions of Interest**

The Ministry of Electricity and Renewable Energy (“**MoERE**”) of the Arab Republic of Egypt has received a financing from Agence Française de Développement (“**AFD**”) and intends to use part of the funds thereof for payments under the following project: Upgrading the Extra High Voltage Research Center (EHVRC) of the Egyptian Electricity Holding Company.

In October 2016, the Government of Egypt (“**GoE**”) has adopted the Integrated Sustainable Energy Strategy (“**ISES**”) 2035¹ to modernise the energy sector and increase the renewable energy (“**RE**”) penetration in the energy mix. This strategy has set the RE targets of 20% of the electricity mix by 2022 and 42% by 2035.

Within this context, the AFD has agreed to allocation a Grant in a maximum aggregate amount of three million Euros (EUR 3,000,000) to support the MoERE, the Egyptian Electricity Holding Company (“**EEHC**”), and the Egyptian Electricity Transmission company (“**EETC**”) in achieving the objectives of the ISES 2035 and developing of the Egyptian Energy Sector. Accordingly, the grant has specified three major targets, (i) enhancing the governance of the energy sector, (ii) optimising the energy use, and (iii) improving energy supply. This Grant is managed and supervised by a project management team within MoERE for the benefit of EEHC and EETC and the relevant affiliated companies.

EEHC is an Egyptian joint-stock company serving over 41.5 million customers via 6 generation and 9 distribution companies distributed across Egypt. In addition, the transmission system operator, EETC, is also among the affiliated company of EEHC. In line with the ISES 2035, EEHC and its subsidiaries and affiliated companies play an important role towards the achievement a high quality of service, optimising energy supply and use. Accordingly, EEHC has been working actively over the past years on enhancing corporate governance within and between the sector entities.

Several technical assistance and capacity-building programs have been provided to EEHC and key stakeholders, focusing on corporate risk assessment, internal auditing, and compliance and governance systems. However, continued support is needed to strengthen corporate governance and adapt to the sector’s rapid transformation.

In light of accelerating technological advancements, growing demand for reliable power, and the need for innovation in extra high voltage (EHV) and distribution networks, part of the allocated grant will be used to upgrade the existing EHV Research Center (EHVRC). The project aims to enhance testing capabilities, support advanced research in EHV and distribution systems, build local expertise, and ensure the center remains responsive to the evolving needs of the electricity sector.

The Services of the Consultant shall consist of, but not limited to the following:

- Evaluate the current testing capabilities, infrastructure, staffing, and operational procedures of the EHVRC to identify gaps and opportunities for enhancement, in alignment with

¹EEHC Annual report for 2019-2020 http://www.moee.gov.eg/english_new/EEHC_Rep/finalaEN19-20.pdf

international best practices.

- Preparation of a Comprehensive Feasibility and Technical Study.
- Develop technical specifications and conceptual designs for modernizing existing laboratories and establishing new testing facilities capable of addressing emerging grid technologies, including smart grids and renewable energy integration.
- Develop a phased upgrade roadmap, including resource mobilization, institutional restructuring, and change management strategies. Support EEHC in the establishment of a dedicated project implementation unit.
- Assist in drafting advanced tests list for the network components and equipments.
- "Preparation of the Technical Specifications for the Development and Upgrade of the EHVR" including establishment of new testing laboratories capable of conducting all types of electrical and non-electrical tests (type, routine, special, sample, and after installation) on all components of the electrical network.
- Assist in drafting technical specifications, procurement documents, and evaluation criteria for the acquisition of advanced testing equipment. Provide quality assurance and commissioning support during installation.
- Development of an International Accreditation Roadmap to Ensure that the layout, testing procedures, and quality management systems are fully aligned with IEC/ISO 17025 requirements, STL (Short-Circuit Testing Liaison) standards.

The MoERE of the Arab Republic of Egypt hereby invites Applicants to show their interest in delivering the Services described above.

This Request for Expressions of Interest is open to:

- | | |
|--|--|
| ☒ Consulting firms | ☐ Individual consultants |
| ☐ NGOs | ☐ Joint Venture between NGO(s) and consulting firm(s) |

Eligibility criteria to AFD financing are specified in sub-clause 1.3 of the "Procurement Guidelines for AFD -Financed Contracts in Foreign Countries", available online on AFD's website: <http://www.afd.fr>.

The Applicant shall submit only one application, either in its own name or as a member of a Joint Venture (JV). If an Applicant (including any JV member) submits or participates in more than one application, those applications shall be all rejected. However, the same Subconsultant may participate in several applications.

If the Applicant is a JV, the expression of interest shall include:

- A copy of the JV Agreement entered into by all members,
- or
- A letter of intent to execute a JV Agreement, signed by all members together with a copy of the Agreement proposal,

In the absence of this document, the other members will be considered as Subconsultants.

Experiences and qualifications of Subconsultants are not taken into account in the evaluation of the applications.

Interested Applicants must provide information evidencing that they are qualified and experienced to perform those Services. For that purpose, documented evidence of recent and similar services shall be submitted.

Determination of the similarity of the experiences will be based on:

- The contracts size and duration;
- Experience in the design, implementation, or upgrade of high-voltage laboratories, testing centers, or research institutions related to power transmission and distribution.
- Technical area and expertise in developing and delivering capacity building program design, focused on technical loss calculation and reduction, including on-the-job training, while strengthening real-time monitoring and automated control capabilities to enhance the stability and overall performance of the transmission and distribution network.
- The technical area and expertise, in particular the Electricity Sectors and its challenges in the Northern African Countries;
- Demonstrated experience in providing consulting services to Electricity Utilities or Public;
- Regional experience working in Egypt, Middle-East and North Africa;
- Working experience in developing cooperations projects.

The Client will also take into account for the evaluation of the applications the following items:

- Technical Skills and availability of key experts;
- Availability of Local representatives and partners;
- Quality assurance procedures and certifications of the Applicant: for example, ISO 9001 or any relevant certification.

Among the submitted applications, the MoERE for the Arab Republic of Egypt will shortlist a maximum of six (6) Applicants, to whom the Request for Proposals to carry out the Services shall be sent.

The Expressions of Interest must be submitted to the address below no later than the 18th of June 2025.

**Appendix to The Request for Expressions of Interest
(To be submitted with the application, signed and unaltered)**

Statement of Integrity, Eligibility and Environmental and Social Responsibility

Reference of the bid or proposal _____ (the "Contract")

To: _____ (the "Contracting Authority")

1. We recognise and accept that *Agence Française de Développement* ("**AFD**") only finances projects of the Contracting Authority subject to its own conditions which are set out in the Financing Agreement which benefits directly or indirectly to the Contracting Authority. As a matter of consequence, no legal relationship exists between AFD and our company, our joint venture or our suppliers, contractors, subcontractors, consultants or subconsultants. The Contracting Authority retains exclusive responsibility for the preparation and implementation of the procurement process and performance of the contract. The Contracting Authority means the Purchaser, the Employer, the Client, as the case may be, for the procurement of goods, works, plants, consulting services or non-consulting services.
2. We hereby certify that neither we nor any other member of our joint venture or any of our suppliers, contractors, subcontractors, consultants or subconsultants are in any of the following situations:
 - 2.1 Being bankrupt, wound up or ceasing our activities, having our activities administered by the courts, having entered into receivership, reorganisation or being in any analogous situation arising from any similar procedure;
 - 2.2 Having been:
 - a) convicted, within the past five years by a court decision, which has the force of *res judicata* in the country where the Contract is implemented, of fraud, corruption or of any other offense committed during a procurement process or performance of a contract (in the event of such conviction, you may attach to this Statement of Integrity supporting information showing that this conviction is not relevant in the context of this Contract);
 - b) subject to an administrative sanction within the past five years by the European Union or by the competent authorities of the country where we are constituted, for fraud, corruption or for any other offense committed during a procurement process or performance of a contract (in the event of such sanction, you may attach to this Statement of Integrity supporting information showing that this sanction is not relevant in the context of this Contract);
 - c) convicted, within the past five years by a court decision, which has the force of *res judicata*, of fraud, corruption or of any other offense committed during the procurement process or performance of an AFD-financed contract;
 - 2.3 Being listed for financial sanctions by the United Nations, the European Union and/or France for the purposes of fight-against-terrorist financing or threat to international peace and security;
 - 2.4 Having been subject within the past five years to a contract termination fully settled against us for significant or persistent failure to comply with our contractual obligations during contract performance, unless this termination was challenged and dispute resolution is still pending or has not confirmed a full settlement against us;
 - 2.5 Not having fulfilled our fiscal obligations regarding payments of taxes in accordance with the legal provisions of either the country where we are constituted or the Contracting Authority's country;

- 2.6 Being subject to an exclusion decision of the World Bank and being listed on the website <http://www.worldbank.org/debar> (in the event of such exclusion, you may attach to this Statement of Integrity supporting information showing that this exclusion is not relevant in the context of this Contract);
 - 2.7 Having created false documents or committed misrepresentation in documentation requested by the Contracting Authority as part of the procurement process of this Contract.
۳. We hereby certify that neither we, nor any of the members of our joint venture or any of our suppliers, contractors, subcontractors, consultants or subconsultants are in any of the following situations of conflict of interest:
- 3.1 Being an affiliate controlled by the Contracting Authority or a shareholder controlling the Contracting Authority, unless the stemming conflict of interest has been brought to the attention of AFD and resolved to its satisfaction;
 - 3.2 Having a business or family relationship with a Contracting Authority's staff involved in the procurement process or the supervision of the resulting Contract, unless the stemming conflict of interest has been brought to the attention of AFD and resolved to its satisfaction;
 - 3.3 Being controlled by or controlling another bidder or consultant, or being under common control with another bidder or consultant, or receiving from or granting subsidies directly or indirectly to another bidder or consultant, having the same legal representative as another bidder or consultant, maintaining direct or indirect contacts with another bidder or consultant which allows us to have or give access to information contained in the respective applications, bids or proposals, influencing them or influencing decisions of the Contracting Authority;
 - 3.4 Being engaged in a consulting services activity, which, by its nature, may be in conflict with the assignments that we would carry out for the Contracting Authority;
 - 3.5 In the case of procurement of goods, works or plants:
 - a) Having prepared or having been associated with a consultant who prepared specifications, drawings, calculations and other documentation to be used in the procurement process of this Contract;
 - b) Having been recruited (or being proposed to be recruited) ourselves or any of our affiliates, to carry out works supervision or inspection for this Contract.
۴. If we are a state-owned entity, and to compete in a procurement process, we certify that we have legal and financial autonomy and that we operate under commercial laws and regulations.
۵. We undertake to bring to the attention of the Contracting Authority, which will inform AFD, any change in situation with regard to points 2 to 4 here above.
۶. In the context of the procurement process and performance of the corresponding contract:
- 6.1 We have not and we will not engage in any dishonest conduct (act or omission) deliberately intended to deceive others, to intentionally conceal items, to violate or vitiate someone's consent, to make them circumvent legal or regulatory requirements and/or to violate their internal rules in order to obtain illegitimate profit;
 - 6.2 We have not and we will not engage in any dishonest conduct (act or omission) contrary to our legal or regulatory obligations or our internal rules in order to obtain illegitimate profit;
 - 6.3 We have not promised, offered or given and we will not promise, offer or give, directly or indirectly to (i) any Person who holds a legislative, executive, administrative or judicial mandate within the State of the Contracting Authority regardless of whether that Person was nominated or elected, regardless of the permanent or temporary, paid or unpaid nature of the position and regardless of the hierarchical level the Person occupies, (ii) any other Person who performs a public function, including for a State institution or a State-owned company, or who provides a public service, or (iii) any other person defined as a Public Officer by the national laws of the Contracting Authority's country, an undue advantage of

any kind, for himself or for another Person or entity, for such Public Officer to act or refrain from acting in his official capacity;

- 6.4 We have not promised, offered or given and we will not promise, offer or give, directly or indirectly to any Person who occupies an executive position in a private sector entity or works for such an entity, regardless of the nature of his/her capacity, any undue advantage of any kind, for himself or another Person or entity for such Person to perform or refrain from performing any act in breach of its legal, contractual or professional obligations;
- 6.5 We have not and we will not engage in any practice likely to influence the contract award process to the detriment of the Contracting Authority and, in particular, in any anti-competitive practice having for object or for effect to prevent, restrict or distort competition, namely by limiting access to the market or the free exercise of competition by other undertakings;
- 6.6 Neither we nor any of the members of our joint venture or any of our suppliers, contractors, subcontractors, consultants or subconsultants shall acquire or supply any equipment nor operate in any sectors under an embargo of the United Nations, the European Union or France;
- 6.7 We commit ourselves to comply with and ensure that all of our suppliers, contractors, subcontractors, consultants or subconsultants comply with international environmental and labour standards, consistent with laws and regulations applicable in the country of implementation of the Contract, including the fundamental conventions of the International Labour Organisation (ILO) and international environmental treaties. Moreover, we shall implement environmental and social risks mitigation measures when specified in the environmental and social commitment plan (ESCP) provided by the Contracting Authority.
- Y. We, as well as members of our joint venture and our suppliers, contractors, subcontractors, consultants or subconsultants authorise AFD to inspect accounts, records and other documents relating to the procurement process and performance of the contract and to have them audited by auditors appointed by AFD.
